

CM 750

The CM750 has been designed to meet the very exacting standards and flexibility demanded from an industrial printer in today's fast moving production environments. Reliability of operation in the harshest environments. Quality of printing monitored and maintained to deliver perfect code every print. Simplicity of setup, service and operation through a highly visible 10" Touch screen. Cost Saving features of single part service and solvent consumption saving system. Powerful and flexible print data options through network or local scanners. The CM750 has it all covered.

Key features CM750

- Modular ink system
- IP55 industrial structure
- Quick, clean, fluids addition
- Maintenance friendly modular print head
- A simple high resolution operated user interface
- Single filter module

Product Name	CM 750
Screen Size	Color 10 Inch TFT LCD Touchscreen
Catridge Volume	750 ml
Total Ink Volume	1.600ml
Nozzle	60/70µm
Print Lines	4 lines x 7 high / 5 lines x 5 high
Print Fonts:	5x5, 7x5, 9x7, 11x9, 16x11, 19x14, 24x16, 32x24
Positive Air pump	Standard
Print Data Source	USB, RS232, TCP/IP
Operating range	5 – 45°C
Protection class	IP55
